 NOT for commercial use without prior
 written approval from Markimage Limited

- Notes:
- 0/ drawing uses 3/4" (19.1mm) material. Quality multi-ply recommended. Vent depth determined by material width. 18-20mm acceptable.
 - 1/ all internal faces lined with damping material, keep vents clear of damping
 - 2/ bracing suggested but not shown
 - 3/ optional radius on vents up to 3mm radius
 - 4/ optional removable back for access to inside for damping adjustment
